Cabling The Friendly Skies

1 Gb/s performance and PoE+ over 200 meters, It’s a GameChanger

Paige® DataCom Solutions
Connecting You To More

Cable™ GameChanger

U.S. Patent No. 10,453,589
The GameChanger Cable from Paige is the easiest, fastest and least expensive way to take your network cabling infrastructure well beyond the 100 meter limit!

**SIMPLY BETTER**
- Pulls and terminates like a Cat6
- No need for boosters, extenders, transceivers or additional IDFs
- Fewer possible points of failure
- Allows for faster, less expensive installs
- Works with ANY Ethernet application

**PERFORMANCE VERIFIED**
The GameChanger Cable is the first and only cable verified by UL to deliver **1Gbps performance and PoE+ over 200 meters** (656 feet).

UL has also verified that the cable is capable of **10Mbps and PoE+ at 259 meters** (850 feet).

**PERFORMANCE CERTIFIED**
AEM, Fluke, Ideal, NETSCOUT, Softing and Viavi all have GameChanger specific cable types and test limits so you can deliver certified performance!
