

Cabling The Friendly Skies

1 Gb/s performance and
PoE+ over 200 meters,
It's a GameChanger

Cable™
GameChanger 

Connecting You To More

U.S. Patent No. 10,453,589

The GameChanger Cable from Paige is the **easiest, fastest and least expensive way** to take your network cabling infrastructure **well beyond the 100 meter limit!**

SIMPLY BETTER

- Pulls and terminates like a Cat6
- No need for boosters, extenders, transceivers or additional IDFs
- Fewer possible points of failure
- Allows for faster, less expensive installs
- Works with ANY Ethernet application

PERFORMANCE VERIFIED

The GameChanger Cable is the first and only cable verified by UL to deliver **1Gb/s performance and PoE+ over 200 meters** (656 feet).

UL has also verified that the cable is capable of 10Mb/s and PoE+ at 259 meters (850 feet).

PERFORMANCE CERTIFIED

AEM, Fluke, Ideal, NETSCOUT, Softing and Viavi all have GameChanger specific cable types and test limits so you can deliver certified performance!
